**Extraordinary Prices, Exceptional Service**  
**“The Dealer you Deserve”**

### **SERVICE REMINDERS and SUGGESTIONS**

Please contact our Service Center for your service needs. Even though you may have purchased a storage package including spring in-service, you still need to contact us to place an order to have your boat placed in the water. Services will not be performed without your authorization.

Payment is required when service orders are placed. Payment may be made by cash, check or credit card. Contact Lisa in our Accounts Receivable department.

Our Service Center will begin writing orders for spring in-service the last week of March. Our target date for installation of Marina docks is the first of May depending on the weather and lake levels.

Of all the storage services we provide **Winterization** of your outboard motor is the most important. Improper winterization may lead to expensive repairs not covered by warranty.

Acid washing your pontoons is also highly recommended. The cleaning not only beautifies your boat, it also reduces drag which in turn gives you better gas mileage and more speed. Cleaning on a regular basis will increase the resale value of your pontoon boat.

We have temporary courtesy docks for your convenience when leaving a boat for service. Please remember to leave your keys on your boat. All boats must be picked up from our courtesy dock within five days of in-service notification. Boats left on our docks after that period will be invoiced at a rate of \$25.00 per day.

We proudly service and provide parts for Yamaha, Honda, Evinrude, Johnson and Nissan engines. Minor services are available on other engine lines based on availability of parts.

Original equipment for pontoon boats can be special ordered with your boat serial number for your Godfrey, Bennington, or Harris boat. We can also special order after-market general parts for other boat lines.

You can place your service order online at [www.atwoodlakeboats.com](http://www.atwoodlakeboats.com) or email our service department at [service@atwoodlakeboats.com](mailto:service@atwoodlakeboats.com).

Note: Prices are subject to change without notice.
