
question about rentals

Hi friends-

Hoping someone can help me with some info. Sorry if this is posted in the wrong place and long. I am originally from Carrollton and moved to NC about 12 years ago. We will be renting a house close to the marina for a week in June on vacation to see some friends and family. My Dad has a fishing boat and wanted to bring it down for me to use while I'm there; he lives in Carrollton. Is there somewhere at the marina I can dock it for a week and what are the rental costs? Also, my in-laws from Florida are thinking about coming up as well, but we may need another house to rent. Does anyone have any info on rentals close to the marina?

Thanks so much in advance. I grew up on Atwood Lake and am looking forward to spending a week there. Even though I live 5 minutes from the ocean; I still miss Atwood and all its beauty! :)

Have a great evening and thanks again!

Lori
